Powered by
Fivem Infotech Pvt Ltd

"Every goat has a digital identity.
Every farm is connected."
Every owner can track growth,
health and value in real time."

PROBLEM STATEMENT

A ₹50,000+ Crore Industry Still Runs On Paper, Phone Calls & Trust

CURRENT REALITY – MANUAL & UNORGANIZED

- ❗ Records managed in paper notebooks
- ❗ Vaccination records scattered on paper
- ❗ Weight tracking done manually
- ❗ Owners calling farms for updates
- ❗ Missing health & medical history
- ❗ Lost or unverified ownership docs
- ❗ Unorganized farm operations
- ❗ Multiple WhatsApp chats causing confusion
- ❗ Manual billing & payment tracking

IMPACT OF THE PROBLEM

GOAT OWNERS

Unable to monitor goats, growth or health

INVESTORS

Lack of transparency, no real-time visibility, high trust risk

FARM OPERATORS

Daily operations are complex, time consuming & unorganized

DELAYED REPORTING

Slow updates, no real-time information flow

FINANCIAL UNCERTAINTY

No clear visibility of cost, margin or profitability

LACK OF TRUST

No transparency between owners, farms & investors

INDUSTRY SNAPSHOT

150+

Million Goats

One of the largest goat populations in the world

50+

Million

Goat Farming Households across India

Less Than 5%

Digitized

Minimal technology adoption in the industry

₹50,000+

Crore Market

Huge market size with massive untapped potential

THE LIVESTOCK INDUSTRY HAS GROWN FOR DECADES, BUT THE TECHNOLOGY INFRASTRUCTURE REQUIRED TO SCALE IT HAS NEVER BEEN BUILT.

EXISTING SOLUTIONS ARE INCOMPLETE

Current Goat Farm Software Manages Data.

It Doesn't Create Trust, Transparency Or Investment Opportunities.

EXISTING GOAT FARM SOFTWARE

Focus on Farm Administration & Record Keeping

- ✓ Goat Registration
- ✓ Vaccination Records
- ✓ Weight Tracking
- ✓ Breeding Records
- ✓ Farm Reports
- ✓ Inventory Management

These solutions digitize records, but stop there.

THE TRUST GAP

What Existing Solutions Don't Solve

- ✗ Remote Ownership
- ✗ Monthly Pali Management
- ✗ Investor Visibility
- ✗ Digital Ownership
- ✗ Financial Transparency
- ✗ Real-Time Customer Tracking
- ✗ Multi-Farm Network
- ✗ Marketplace Access

GOATLINK ECOSYSTEM

Market Opportunity

“ The market already validates the need for goat farm software. What is missing is a platform that connects livestock ownership, transparency, financial visibility and farm operations into one ecosystem. ”

THE GOATLINK SOLUTION

Building The Digital Infrastructure For India's Livestock Economy

One Platform.
Multiple Stakeholders.
Infinite Possibilities.

POWERFUL FEATURES

-  **Digital Goat Passport**
Unique identity for every goat
-  **Monthly Pali Management**
Automated tracking & settlements
-  **Investor Dashboard**
Real-time visibility & ROI tracking
-  **Farm Management**
Health, feed, breeding & more
-  **Marketplace**
Buy, sell & discover opportunities
-  **Real-Time Tracking**
Live updates from anywhere
-  **Financial Analytics**
Growth insights & performance
-  **Automated Reporting**
Smart reports, zero manual work

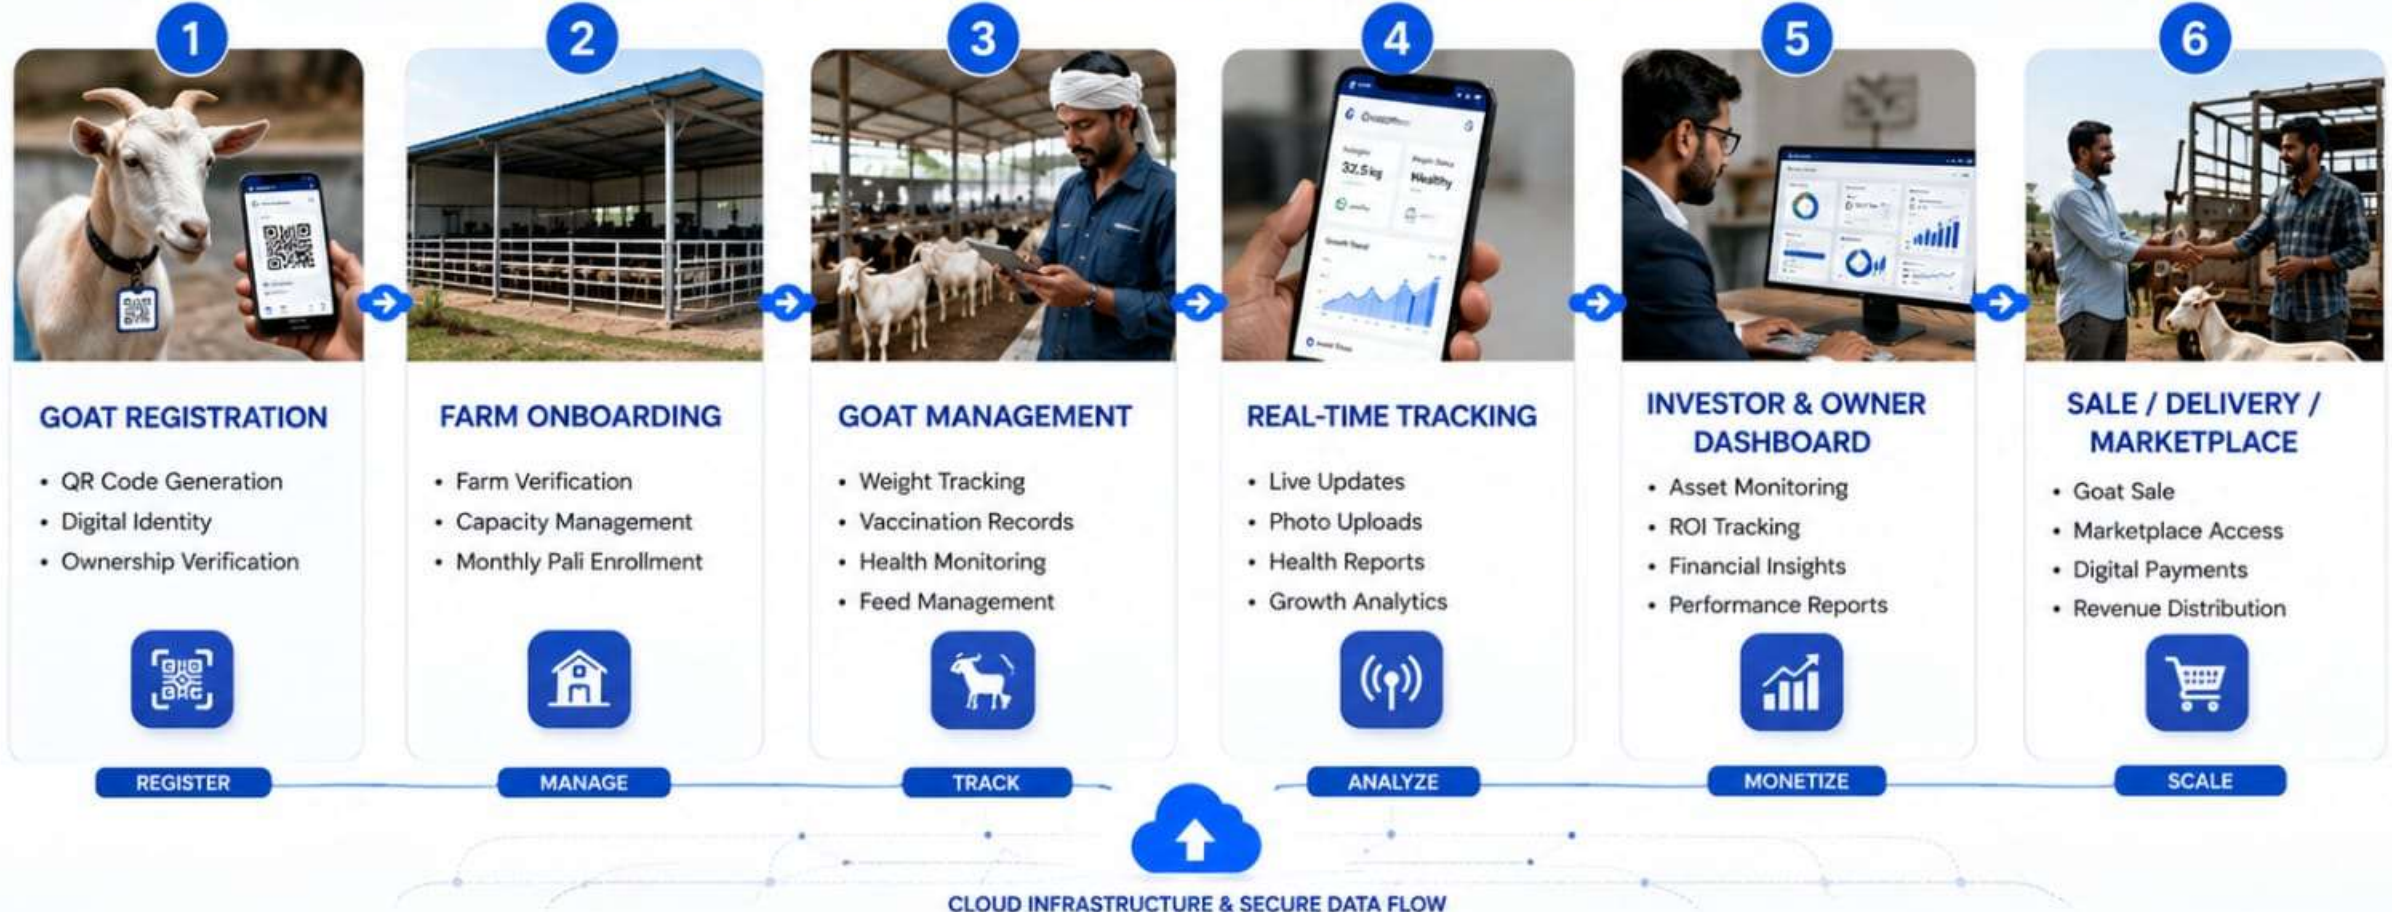

GOATLINK is not a goat farm management application.
It is the digital operating system powering the future of livestock ownership, management and investment.

HOW GOATLINK WORKS

A Seamless Digital Ecosystem Connecting Goat Owners, Farms & Investors

From Registration To Revenue — Everything Connected In One Platform

100%
Digital Tracking

Real-Time
Transparency

Verified
Ownership

Automated
Reporting

Financial
Visibility

Scalable
Operations

GOATLINK transforms every goat into a digitally trackable asset and every farm into a connected business.

PRODUCT FEATURES & COMPETITIVE ADVANTAGE

A Complete Digital Operating System For Livestock Ownership, Management & Investment

Built For Farms. Designed For Owners.
Trusted By Investors.

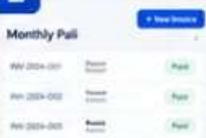

1

DIGITAL GOAT PASSPORT

- Unique Digital Identity
- Ownership Verification
- Complete Goat History

2

MONTHLY PALI MANAGEMENT

- Automated Billing
- Customer Tracking
- Farm Allocation

3

REAL-TIME TRACKING

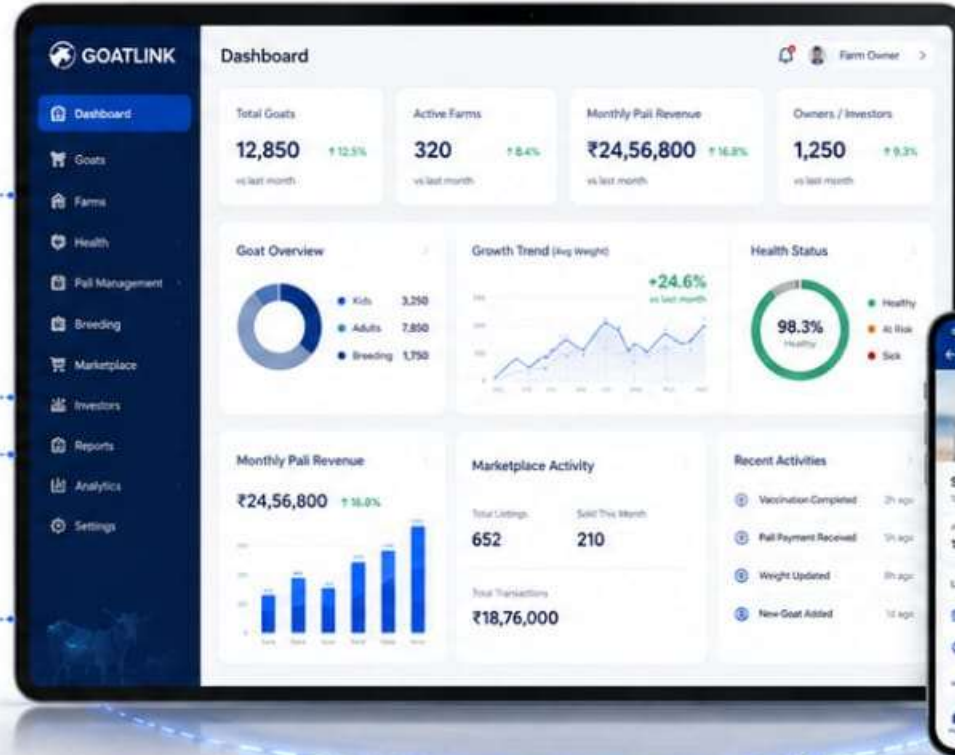

- Live Updates
- Photo Tracking
- Growth Reports

4

INVESTOR DASHBOARD

- ROI Tracking
- Asset Monitoring
- Revenue Analytics

5

HEALTH & VACCINATION

- Medical Records
- Vaccination Tracking
- Health Alerts

6

MARKETPLACE

- Buy & Sell
- Verified Listings
- Digital Transactions

7

FARM NETWORK

- Multi Farm Operations
- Capacity Management
- Farm Performance

8

AI ANALYTICS

- Growth Forecasting
- Revenue Predictions
- Performance Insights

MOST COMPETITORS DIGITIZE FARM ACTIVITIES.

They help farms manage goats.
Not the business around goats.

 **GOATLINK**

DIGITIZES THE ENTIRE LIVESTOCK ECONOMY.

- ✓ Complete ecosystem
- ✓ End-to-end transparency
- ✓ Financial visibility
- ✓ Ownership trust
- ✓ Investment ready
- ✓ Future ready platform

MARKET OPPORTUNITY

Digitizing One Of The Largest Livestock Economies In The World

KEY MARKET INSIGHTS

150+ Million Goats

India has one of the world's largest goat populations

50+ Million Farming Households

Massive addressable customer base across rural India

Less Than 5% Digitized

Huge technology gap representing a massive opportunity

Growing Digital Adoption

Rapid smartphone penetration and digital infrastructure growth

Recurring Revenue Potential

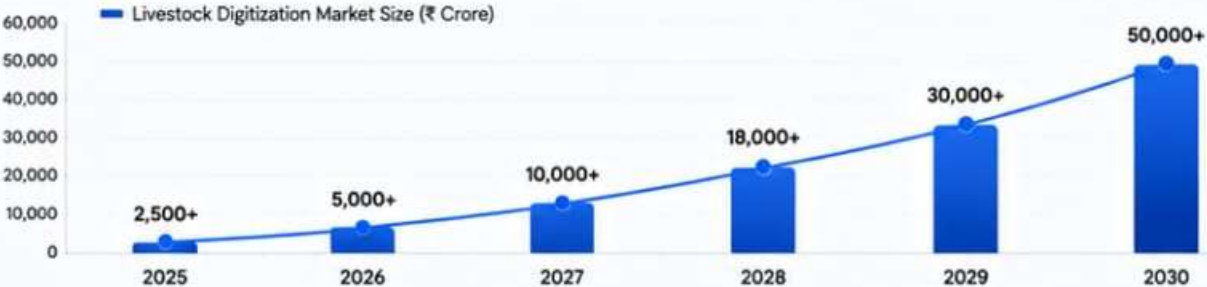

Subscription-based model ensures high visibility & retention

Marketplace Expansion

Large future opportunity from transactions, trading & services

THE DIGITAL TRANSFORMATION OF LIVESTOCK HAS JUST BEGUN

MARKET DRIVERS

Rising Demand For Livestock Products

Government Support & Livestock Initiatives

Digital Infrastructure Rural Penetration

Increasing Awareness & Formalization

India's Livestock Economy Is Massive, Fragmented & Underdigitized.

GOATLINK Is Building The Digital Infrastructure Layer To Unlock This Opportunity.

Unorganized Market

High Growth Potential

Global Scale Opportunity

BUSINESS MODEL

Multiple Revenue Streams Powering A Scalable Livestock Technology Platform

GOATLINK is designed as a multi-revenue platform where every farm, every goat and every transaction contributes to a scalable and recurring revenue engine.

GO-TO-MARKET STRATEGY

Building India's Largest Connected Livestock Network — One Farm At A Time

CUSTOMER ACQUISITION CHANNELS

- Farm Associations**
Partner with local & state farm associations
- Veterinary Clinics**
Onboard vets & clinics as trusted touchpoints
- Referral Programs**
Incentivize farms & owners to refer & earn
- Field Sales Team**
Dedicated field team for farm onboarding
- WhatsApp Marketing**
High-engagement rural communication
- Digital Marketing**
Targeted campaigns across digital platforms
- Agriculture Events**
Presence at agri expos, fairs & seminars
- Industry Partnerships**
Collaborate with agri input & service providers

1

PILOT & VALIDATION Year 1

Target Region
Mumbai, Maharashtra

- Key Goals**
- 100 Farms Onboarded
 - 10,000 Goats Registered
 - Product Validation
 - Revenue Generation

2

REGIONAL EXPANSION Year 2

Target Regions
Gujarat, Rajasthan, Uttar Pradesh

- Key Goals**
- 500+ Farms
 - 100,000+ Goats
 - Marketplace Launch
 - Farm Network Expansion

3

NATIONAL SCALE Year 3-5

Target Region
Pan India

- Key Goals**
- 5,000+ Farms
 - 1 Million+ Goats
 - National Marketplace
 - Financial Services Launch

NETWORK EFFECTS MODEL

KEY GROWTH METRICS

Customer Acquisition Cost (CAC) ₹350-₹450 Per Farm	Lifetime Value (LTV) ₹25,000+ Per Farm	Farm Retention Rate 85%+ Annual	Monthly Recurring Revenue (MRR) ₹X Crore+ (Growing Monthly)	Marketplace Transactions ₹X Crore+ GMV (Annualized)	Network Growth (Farms) Exponential YoY Growth
--	--	---	---	---	---

KEY STRATEGY PILLARS

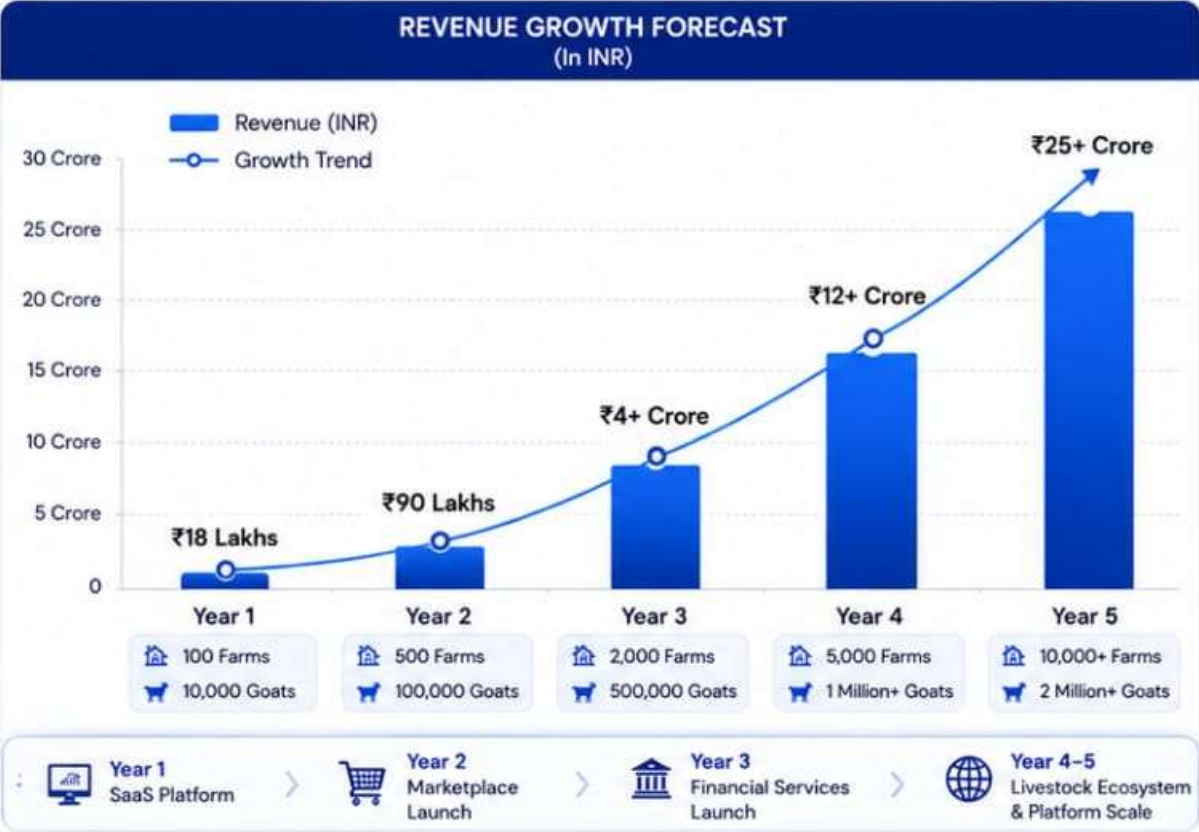

Farm-First Acquisition Build trust at the farm level	Network-Driven Growth Leverage network effects	Marketplace Expansion Create liquidity & demand	Recurring Revenue Focus Subscription-led sustainable model	Scalable Unit Economics High margins, low CAC at scale	Strong Referral Engine Users drive user growth
--	--	---	--	--	--

GOATLINK will scale through a farm-first strategy, creating powerful network effects that transform local adoption into a national livestock ecosystem.

FINANCIAL PROJECTIONS & GROWTH FORECAST

Scalable Growth Powered By Recurring Revenue, Network Effects & Platform Expansion

KEY BUSINESS METRICS

MRR Growth (End of Year 5)	₹2.08 Crore+
ARR Growth (End of Year 5)	₹25+ Crore
Farm Retention Rate (Year 5)	90%+
Average Revenue Per Farm (Year 5)	₹25,000+
Customer Lifetime Value (LTV)	₹25,000+
Marketplace GMV (Year 5)	₹50+ Crore
Gross Margin (Year 5)	80%+
Net Revenue Retention (Year 5)	120%+

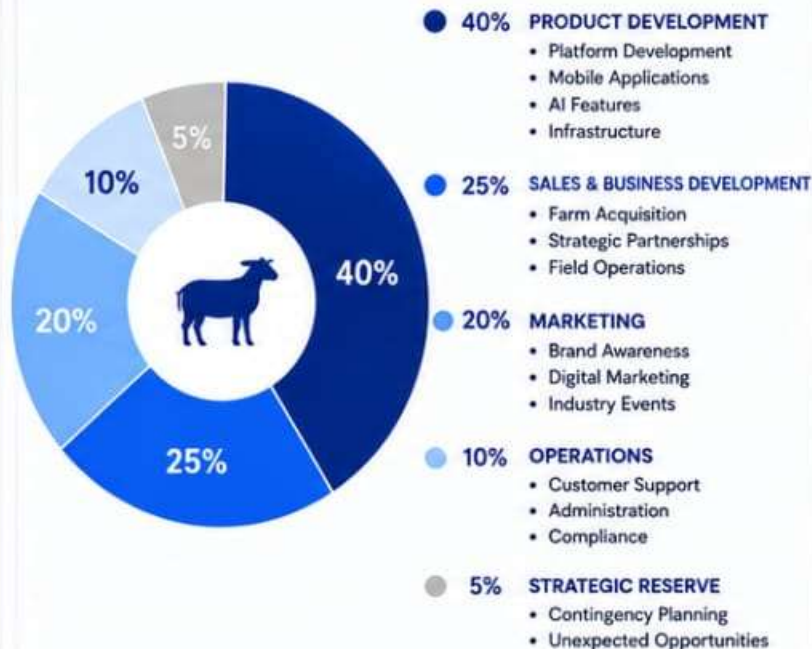

GOATLINK evolves from a SaaS platform into a livestock operating system with recurring revenue, marketplace commissions and financial services creating long-term scalable growth.
